

Human Senses

Work sheet for elementary and high schools

FOR TEACHERS

2A

Effect of colours

Choose the colour you can see on high buildings or towers : a) yellow b) green c) red

Choose the colour of the car you can see best on the road: a) grey b) yellow c) blue

1

Try your nose

Smell all the bottles and circle those you have found:

chocolate

curry

orange

rose

salt

pepper

1

Way through the tunnel

Go through the tunnel and decide which part is moving and circle the correct answer:

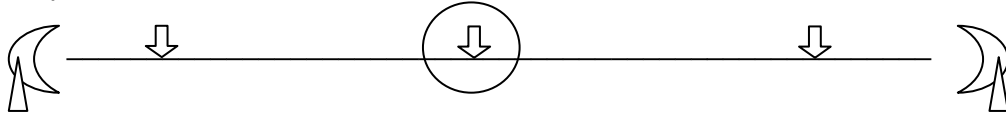

tunnel

bridge

2A

Parabolic phone

You need 2 classmates for this exercise. Your classmates will talk through the parabolic phone. Decide which place is the best to hear their conversation.

I. One word

One word in each line is wrong. Circle it and give the reason.

Example: potato apple tomato carrot
reason: **an apple is not vegetable**

Words

Reason

television	picture	eye	cinema	An eye can observe the rest of these options.
bell	microphone	guitar	alarm	A microphone records sounds from the rest of these options.
picture	song	thought	perfume	Everything but the thought is concrete product of human mind.

II. Brain-Teaser

Do you know the answers for these questions? If not, find them in the iQpark.

a) What is changing the shape but stays round anyway? *The Moon*

b) What was the very first – the chicken or the egg? *The egg. It was the dinosaur that laid eggs in the prehistoric times already, but chicken did not exist then.*

c) Certain months have 31 days. How many of them have 28 days? *Each and all*
